

Personal Management Workshop Requirements

This workshop is open to Scouts aged 15 and older (there will be no exceptions).

Be prepared with the following:

- Print out the Personal Management Merit Badge workbook found at www.meritbadge.org, and legibly write out answers to the requirements in advance. Bring your workbook to the class to refer to during group discussion and to show to the merit badge counselor.
- Prepare a budget reflecting your expected income, expenses, and savings **before** starting the 13 weeks of recording your actual income, expenses, and savings. **Because you will not have time to complete the required 13-weeks of financial record-keeping for Requirement 2 prior to Aug. 9, you will be expected to email those records to the merit badge counselor after you complete the 13 weeks.**
- Your workbook will be reviewed by the counselor at the class and requirements completed will be signed off on your *Application for Merit Badge* (Blue Card).
- Wear your Scout uniform to the class and bring a properly filled-out and signed Blue Card.

This badge is one of the most important ones you will work on and earn because it deals with aspects of financial planning, personal project planning, and career planning useful throughout your life.
